

The accreditation procedure of the Basic Medical Programme of the Faculty of Medicine, University of Banja Luka based on the global requirements of the World Federation for Medical Education (WFME)

Decision of the Board of the Hungarian Accreditation Committee (MAB) No. 2026/2/XI

Ref. No.: MAB/190-1/2026

As a result of the WFME 2020 (World Federation for Medical Education) standards-based accreditation procedure, the MAB Board accredits the Basic Medical Programme of the Faculty of Medicine of the University of Banja Luka. The accreditation of the programme – provided that it continues to meet the accreditation standards – is valid for a period of six years, until 27 February 2031, with an interim monitoring procedure combined with an on-site visit. The institution is required to submit the monitoring report to the MAB by 15 January 2029. The monitoring process shall primarily examine the institutional measures taken on the basis of the recommendations of the accreditation report and their effectiveness.

Justification

Based on the self-evaluation report of the medical school and the site visit, it can be concluded that the medical education of Faculty of Medicine, University of Banja Luka, on the basis of the WFME 2020 (World Federation for Medical Education) standards, has been evaluated as

- compliant with the minimum criteria (educational programme, selection of academic staff, admission and selection of students, educational infrastructure, clinical training resources, structure and organisation, organisational units supporting the operation of the medical school and its educational and academic activities),
- partially compliant with the quality assurance processes (mission statement, development and review of the educational programme, quality assurance of assessment, quality assurance),
- partially compliant with the support processes (educational methods used to deliver the educational programme, system of assessment, student support system, performance, training and development of academic staff).
